Subject: Spill history

Rich, we got an action item from Den's Congressional briefing today. A staffer from Congressman Marino's office is interested in the spill history (Cabot's) in our study area. Obviously, we're talking about drilling related spills. I'm sure this exists (PADEP order?) and can be assembled easily(?). Not the top priority, but we'll need it sooner rather than later. Jennie will be looking for it in the next couple of days probably. Can you have someone pull this together?

Thanks.
